Churches Here Prepared For

Early Friday afternoon, Pickaway County residents will participate in the annual World Day of Prayer-a custom established 68 years ago when a small group of Presbyterian women set aside a

day of prayer for national missions. In 1920, the Day of Prayer gained international recognition. Local observance this year will be at St. Philip's Episcopal Church in Circleville.

Observance of the world day of Prayer will begin at daybreak in the Figi and Tonga islands and move westward around the globe. Among the last organized prayer groups to honor the tradition this year will be those on St. Lawrence Island, off the Alaskan coast.

The day's prayer services throughout the world will be dedicated to international peace and understanding, the medium of prayer for relief of world tension being highly recommended and frequently practiced by President Eisenhower. The prayers ask not only for peace but for faith, courage and awareness of the needs of people

MANY LOCAL churches will be ted in the day's services: Presbyterian, Mrs. David Yates; Methodist, Mrs. Paul Johnson; Baptist, Mrs. Pauline Jones; United Brethren, Mrs. E. Richardson; Evangelical, Mrs A. Goeller; Gospel Center, Mrs. Ruth George; St. Philips, Mrs. Jack C. Bennet and Mrs. John Dunlap.

The Senate yesterday rolled up a big vote, 62-24, in favor of an increase in congressional pay from the present \$15,000 to \$22,500.

The measure was at once sent conference with the House, which last week voted 283-118 for a \$25,000 salary. Both versions include boosts of \$7,500 to \$10,000 for all 400 federal judges.

The five Senate conferees on the bill include several members who favor at least a \$25,000 salary. This seemed to make it quite likely that the House figure would be accepted in the end.

Sen. Kefauver (D-Tenn), heading the Senate group, said "We will defend the Senate position as strongly as we can." But he added if House conferees are adamant, "we will have to make some ad-

justment." The three House conferees all were strong backers of the \$25,000 Salary in that body.

Public response to the taxpayer assistance program of the Columbus District Office of the Internal Revenue Service has been gratifying and helpful, Director Nathaniel Looker announced.

As a result, more taxpayers are being assisted with less disturbance to the regular work which the service is required to carry on at all times. The Internal Revenue Service will offer assistance here at an of-

fice in the basement of Circleville's postoffice building. Taxpayers will be able to get advice and information on March 2 and March 3, between 8 a. m. and 5 p. m. The new program involves friendly cooperation between the taxpayer and the service in the preparation of income tax returns, according to Looker. When he re-

quests assistance, the taxpayer is asked to do one of two things: To complete Form 1040A in its entirety, if the use of this form is appropriate; or to complete Form 1040, if applicable, at least through Line 2 and as much as possible.

THIS SYSTEM parallels sound business practice followed by banks which require depositors to complete deposit and withdrawal slips and the Post Office Department which requires that money order applications be completed by the

Bingo Padlock Case Delayed

Judge In Portsmouth Labeled 'Prejudiced'

PORTSMOUTH (P)-A hearing proceeding to padlock a bingo game at the Chez Paree in Wheelersburg, Scioto County, met delay today when the attorney general's office filed an affidavit of prejudice against Common Pleas Judge Vernon Smith.

The state has filed a petition asking for "abatement of a common nuisance" and a temporary and perpetual injunction against operation of the bingo game. In the affidavit of prejudice, Asst. Atty. Gen. Robert B. Krupansky said the action was being

taken because Judge Smith "is a close friend of one of the defendants and therefore unable to sit impartially in the case." Judge Smith reported he had received a telephone call from Chief. Justice Carl V. Weygandt of the Ohio Supreme Court asking that he step down. But the judge said had not made up his mind what to do, and indicated he may not follow Chief Justice Weygandt's

suggestion because that might

leave the appearance that he was 'quitting the case under fire." IN THE PADLOCK petition defendants named were Harry A. Schirrmann, owner of the building; Hugh H. Belt Conveyor Foes See Loss Of Many Jobs

COLUMBUS (A)-A stream of witnesses last night attacked the proposed Lake Erie-to - Ohio River "rubber railroad" as an unnecessary project which could cost thousands of men their jobs. .

Their testimony largely followed the pattern of opposition in the two previous unsuccessful attempts of Riverlake Belt Conveyor Lines, Inc., to get a legislative grant of the right of eminent domain for a right-of-way for its 100-mile project from Cleveland to East Liverpool.

The hearing before the House Commerce and Transportation Committee will be continued next week, said Chairman Louis J. Schneider Jr. (R-Hamilton). All witnesses before the commit-

tee last night were opponents. They included farm, labor union and railroad representatives.

The farm representative was Clarence Krueger of Erie County, legislative agent for the Ohio Grange. He said the Grange conconveyor's bid for public utility status. Under questioning, however, he admitted the Grange faillast year.

Churches Here Prepared For Day Of Prayer

Early Friday afternoon, Pickaway County residents will participate in the annual World Day of Prayer-a custom established 68 years ago when a small group of Presbyterian women set aside a

day of prayer for national missions. In 1920, the Day of Prayer gained international recognition. Local observance this year will be at St. Philip's Episcopal Church in Circleville.

Observance of the world day of Prayer will begin at daybreak in the Figi and Tonga islands and move westward around the globe. Among the last organized prayer groups to honor the tradition this year will be those on St. Lawrence Island, off the Alaskan coast.

The day's prayer services throughout the world will be dedicated to international peace and understanding, the medium of prayer for relief of world tension being highly recommended and frequently practiced by President Eisenhower. The prayers ask not only for peace but for faith, courage and awareness of the needs of people

MANY LOCAL churches will be represented in the day's services: Presbyterian, Mrs. David Yates; Methodist, Mrs. Paul Johnson; Baptist, Mrs. Pauline Jones; United Brethren, Mrs. E. Richardson; Evangelical, Mrs A. Goeller; Gospel Center, Mrs. Ruth George; St. Philips, Mrs. Jack C. Bennet and Mrs. John Dunlap.

The service here is to be held vention two years ago opposed the Friday at St. Philip's Episcopal Church, 129 W. Mound St. at 2 p. m. The public is extended a cordial invitation to attend the service and ed to act on a similar resolution the tea which will follow in the parish house.

Revenue Men Due In City On March 2-3

Public response to the taxpayer assistance program of the Columbus District Office of the Internal Revenue Service has been gratifying and helpful, Director Nathaniel Looker announced.

As a result, more taxpayers are being assisted with less disturbance to the regular work which the service is required to carry on at all times.

The Internal Revenue Service will offer assistance here at an office in the basement of Circleville's postoffice building. Taxpayers will be able to get advice and information on March 2 and March 3, between 8 a, m, and 5 p, m. The local group, boasting a pre-

Bingo Padlock Case Delayed

Judge In Portsmouth Labeled 'Prejudiced'

PORTSMOUTH (P)-A hearing proceeding to padlock a bingo game at the Chez Paree in Wheelersburg, Scioto County, met delay today when the attorney general's office filed an affidavit of prejudice against Common Pleas Judge Vernon Smith.

The state has filed a petition asking for "abatement of a common nuisance" and a temporary and perpetual injunction against operation of the bingo game.

In the affidavit of prejudice, Asst. Atty. Gen. Robert B. Krupansky said the action was being taken because Judge Smith "is a close friend of one of the defendants and therefore unable to sit impartially in the case."

Judge Smith reported he had received a telephone call from Chief. Justice Carl V. Weygandt of the Ohio Supreme Court asking that he step down. But the judge said had not made up his mind what to do, and indicated he may not follow Chief Justice Weygandt's suggestion because that might leave the appearance that he was 'quitting the case under fire."

IN THE PADLOCK petition defendants named were Harry A. Schirrmann, owner of the building; Hugh H. Ruel, occupant and operator of the building; Robe Steahly and Robert L. Taylor, all Portsmouth; William Potee of North Kenova, Ohio, and "John Doe, address unknown." The petition says Taylor leased the building from Schirrmann,

## Farmers Study Attachment To Aid Seeding

arget

DV.

Pickaway County farmers have studied with interest a new adapter designed to get them better stands of grass and legume cover crops with present planting equipment. The adapter is a simple tube of coiled spring steel which performs 'band seeding."

"Band seeding" is the method of seeding grasses or legumes in which all the seed is deposited directly over the band of fertilizer laid in the ground by the grain drill, instead of the old-fashioned broadcast method.

Developed by an Illinois manufacturer, the coiled tube which is easily attached to the average grain drill, plants the cover crop Savings Bond in precision bands. This precision is the secret of "band seeding" which saves up to half of the grass Sales Climb seed needed and also promotes heavier growth. The band seeding in January attachment is the natural outgrowth of experiments made by leading state agricultural experi- a 19 percent increase in purchases June, 1952, and compared to a ment stations.

#### Relief Fund Shared

COLUMBUS (A)-The state auditor has turned over \$14,933,028 in poor relief funds to the 88 Ohio ounties. The money comes from \$28,808,851 collected in 1954 from excise taxes on public utilities, the balance of which goes into the state's general fund.

Here is visual proof of how precision "band seeding" increases the growth of cover crops and saves up to half of the grass or legume seed needed. In this experiment run by the Ohio Agricultural Experiment Station, the lush growth at the left was "band seeded" while the sparse area to the right was seeded by the broadcast method.

### Is Overweight A Family Trait?

Not unless you belong to the elephant family. In over ninety-nine per cent of the cases, overweight is simply due to overeating. If you are overweight you will be interested in this letter from Sidney J. Wilson, Jr., R. 6, Medina, Ohio. Mr. Wilson writes: "Rennel Concentrate was recommended to me by a very good friend of mine. He told me how he was losing weight and how Rennel Concentrate is also using Rennel and we both are obtaining wonderful results. Along with losing weight, we have so much more pep than we had before."

Thousands of others have overcome the social and physical discomfort of being overweight with this effective

## Farmers Study Attachment To 'Aid Seeding

Pickaway County farmers have studied with interest a new adapter designed to get them better stands of grass and legume cover crops with present planting equipment. The adapter is a simple tube of coiled spring steel which performs 'band seeding."

"Band seeding" is the method of seeding grasses or legumes in which all the seed is deposited directly over the band of fertilizer laid in the ground by the grain drill, instead of the old-fashioned broadcast method.

Developed by an Illinois manufacturer, the coiled tube which is easily attached to the average grain drill, plants the cover crop in precision bands. This precision which saves up to half of the grass Sales Climb seed needed and also promotes heavier growth. The band seeding in January attachment is the natural outgrowth of experiments made by ment stations.

#### Relief Fund Shared

COLUMBUS (P)-The state auditor has turned over \$14,933,028 in poor relief funds to the 88 Ohio counties. The money comes from \$28,808,851 collected in 1954 from excise taxes on public utilities, the balance of which goes into the state's general fund.

Here is visual proof of how precision "band seeding" increases the growth of cover crops and saves up to half of the grass or legume seed needed. In this experiment run by the Ohio Agricultural Experiment Station, the lush growth at the left was "band seeded" while the sparse area to the right was seeded by the broad-

## County Club Association

Sale Committees Present Reports

Plans for an April tea and reports of rummage sale committees were given when the delegates to the Pickaway County Association of Woman's Clubs held a meeting in the social room of the Presbyterian church.

Roll call during the session was answered by 17 members. Nine of the 11 clubs affiliated with the association voiced approval of investing the funds of the group in a first mortgage loan.

Mrs. Kenneth Luna, chairman of a house committee, announced that a tea and fashion showing of bridal gowns has been scheduled for April 28 in the Presbyterian church. This April tea is to be the annual social session of the association.

Mrs. Tom Renick, president of the association, announced that a nominating committee is to be appointed at a March meeting. The executive board was advised to select a chairwoman for the com-

Farmers Told To Buy Hay, Pasture Crop Seed Early

WASHINGTON, JAN. 25 (INS)-Farmers have an official warning from the Agriculture Department that they may be caught short if they put off buying seeds for hay and pasture crops until

Seed stocks for some of the 18 major forage crops are very large, but others - notably red and alsike clover seed - are fairly had to come by and the demand is brisk.

In the end, some farmers may have to make substitutions, at least for these two.

Officials say it's necessary to buy early for several reasons. To begin with, last year's drought damaged thousands of acres of grasses and legume which must be ripped up and replanted. Secondly, there will be a huge demand for seed to be used in planting acres taken out of cotton, wheat and other crops under this year's production control programs.

someone who imports chocolatecovered ants," she said. "They are quite a delicacy in South America, I understand, and I'm very

curious to see how they taste." Other delicacies Mrs. Haines has received orders for, but so far has been unable to fill: Roasted grasshoppers, canned bats from Guam, and French fried bumblebees from Burma.

"One customer wanted me to get him some hummingbird tongues, because he had heard the old Roman emperors used to snack on them," she said, smiling. "But I think he was merely trying to send me on a wild goose chase.

Mrs. Haines was launched on her odd career after her employer, Max Hess, head of a department store in Allentown, Pa., returned from a trip abroad convinced his customers might like to try exotic foods they had read about but perhaps never tasted.

Husbands, he soon found, were willing to buy dishes like Japanese boiled quail eggs, but their cautious wives restrained them. They did, that is, until Hess got the idea of having Mrs. Haines open and sample the delicacies before their eyes, and show the wives how to prepare and serve

"I had a pretty good background for the job," said Mrs. Haines. "My dad (he was an undertaker) was a gourmet. As a child I got used to eating strange foods such as calves' tonsils and oxtails.'

She has found men are far more willing than women to adventure with foreign delicacies. Former servicemen, in particular, like to sample new dishes they ate in other lands during

'They are like a nest of small threads, each about a half inch long," she said. "When I spread them on a cocktail cracker, I could see their little eyes looking up at me . . . Their little black eyes.'

After her bout with the infant eels, Mrs. Haines feels sure those chocolate-covered ants will be a welcome appetizer.

like to nibble on Mexican fried worms, Mrs. Evelyn Haines won't quarrel with you.

"They taste something like a crisp rice cracker, and make a good conversational tidbit at cocktail time," she said. "But I myself prefer the flavor of Florida rattlesnake meat or French larks stuffed with truffles and goose liver.

Mrs. Haines, a tall, attractive Pennsylvania Dutch housewife, has an unusual job. She is a good scout who searches the markets of the world for rare foreign menu items unknown to most American palates. Her own palate has few prejudices, and she feels she has one of the most interesting and enjoyable careers of any woman in America.

Mr. and Mrs. John Sterling and Elmer Hampp and son, Ned, had for their Sunday guests Mr. and Mrs. T E. Kuhn and daughter, covered ants," she said. "They are quite a delicacy in South America, I understand, and I'm very curious to see how they taste.'

Other delicacies Mrs. Haines has received orders for, but so far has been unable to fill: Roasted grasshoppers, canned bats from Guam, and French fried bumblebees from Burma.

"One customer wanted me to get him some hummingbird tongues, because he had heard the old Roman emperors used to snack on them," she said, smiling. "But I think he was merely trying to send me on a wild goose chase.'

Mrs. Haines was launched on her odd career after her employer, Max Hess, head of a department store in Allentown, Pa., returned from a trip abroad convinced his customers might like to try exotic foods they had read about but perhaps never tasted.

Husbands, he soon found, were willing to buy dishes like Japanese boiled quail eggs, but their cautious wives restrained them. They did, that is, until Hess got the idea of having Mrs. Haines open and sample the delicacies before their eyes, and show the wives how to prepare and serve

"I had a pretty good background for the job," said Mrs. Haines. "My dad (he was an undertaker) was a gourmet. As a child I got used to eating strange foods such as calves' tonsils and oxtails."

She has found men are far more willing than women to adventure with foreign delicacies. Former servicemen, in particular, like to sample new dishes they ate in other lands during

"Some people buy things such as the Mexican fried worms only as a gag," she said, "and then are surprised to learn they like them. We've had quite a few repeat orders for worms. They're one of our best-selling items. They look rather like empty black locust shells. But they aren't as tasty, of course, as rattlesnake meat. That tastes rather like veal.

Other food rarities which Mrs. Haines stocks and tastes, with more or less enjoyment, are Chilean hot peppers stuffed with | might have seen during 1954!

Only once has her palate rebelled against Mrs. Haines. That was when she tasted a canned brood of eels in olive oil.

THANCES are, you'll be way over if you guess at the local delivered price of a 1955 Buick. Most people are.

And that's easy to understand when you look at a Buick. It's big, broad, roomy-powered for thrilling action. In prestige alone, it would seem to carry a high price tag.

But when you check into things, you discover this surprising fact: Buick is in the nation's top three when it comes to sales volume - and when it comes to low prices that make such huge popularity possible.

The price we show here is one proof of that. And an even bigger one is the soaring success of the 1955 Buick hottest car in all Buick sales history.

MILTON BERLE STARS FOR BUICK - See the Buick-Berle Show Alternate Tuesday Evening

So why miss out on Buick style and power and room and ride when you can have it all if you can afford any new car?

Why do yourself out of the fun and pride and deep satisfaction of bossing a big and brawny beauty like the one pictured here, when the dollars you pay for this Buick buy you so much more sheer automobile?

And why pay extra for things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting

in the glove compartment—when such things, and more, are yours in every new Buick as standard equipment at no extra cost?

Drop in for a visit this week and start checking things.

We believe that when you look into this great car-when you see what you get for the low price you pay-and when you discover what happens when you nudge that gas pedal-you'll say it's gospel that Buick's the thrill and the buy of the year, hands down.

THANCES are, you'll be way over if you guess at the local delivered price of a 1955 Buick. Most people are.

And that's easy to understand when you look at a Buick. It's big, broad, roomy-powered for thrilling action. In prestige alone, it would seem to carry a high price tag.

But when you check into things, you discover this surprising fact: Buick is in the nation's top three when it comes to sales volume - and when it comes to low prices that make such huge popularity possible.

The price we show here is one proof of that. And an even bigger one is the soaring success of the 1955 Buick hottest car in all Buick sales history.

MILTON BERLE STARS FOR BUICK - See the Bulck-Berle Show Alternate Tuesday Evenings -

So why miss out on Buick style and power and room and ride when you can have it all if you can afford any new car?

Why do yourself out of the fun and pride and deep satisfaction of bossing a big and brawny beauty like the one pictured here, when the dollars you pay for this Buick buy you so much more sheer automobile?

And why pay extra for things like direction signals, oil-bath air cleaner. full-flow oil filter, automatic lighting in the glove compartment—when such things, and more, are yours in every new Buick as standard equipment at no extra cost?

Drop in for a visit this week and start checking things.

We believe that when you look into this great car-when you see what you get for the low price you pay-and when you discover what happens when you nudge that gas pedal-you'll say it's gospel that Buick's the thrill and the buy of the year, hands down.

## Cuban Keed Decision Hard

Gavilan's defeat by Hector Constance hasn't convinced the oncemighty Cuban Keed that he's too far over the hill to fight his way back to the welterweight throne.
